

No Knives, Ever Again

This is no time to weaken security.

Due to massive public pressure, TSA has delayed plans to allow knives in the aircraft cabin. But the effort to keep the common-sense policy that has been in place since September 11, 2001 is NOT OVER YET. TSA's announcement is only a temporary reprieve.

We need to ensure passengers and crews are protected through a permanent ban on knives.

Flight attendants across the industry are pushing back against this dangerous policy. We are joined by Air Marshals, TSA officers, Pilots, passengers and airline management but we NEED YOUR HELP to keep everyone safe!

Call 202-224-3121 and ask to be connected to your Senators and Representative.

Tell them the traveling public should not be forced to face the threat of knives at 30,000 feet! Ask them to co-sponsor bipartisan legislation to keep the common sense ban on knives.

Terrorism remains a real threat; we must remain vigilant.
